Paperwork summary

Candy green 5-spoke front wheel

⚠ Verify fit checked 2026-10-30

Approval	ⓘ unknown	Document coverage	ⓘ unknown
Inspection	ⓘ unknown	Eintragung	ⓘ unknown
Documents to carry	ⓘ unknown		

Reasons

- No manufacturer, part number, dimensions or approval document was given for this generic candy green 5-spoke front wheel.
- No source found shows this exact part is approved for BMW R NineT 2014-2016; without ABE, Teilegutachten or E-mark coverage legal use cannot be confirmed.
- Fit depends on unknown rim size, offset, axle / spacer size, load rating and ABS ring / brake disc compatibility on an ABS bike.

Conditions

- Only use with ABE or Teilegutachten that explicitly lists BMW R NineT 2014-2016 with ABS.
- Carry ABE or Teilegutachten and any inspection report until papers are updated.
- Possible Aenderungsabnahme or Einzelabnahme as inspector decides; success is not guaranteed and depends on documents, fitment and retained ABS / brake function.
- Ensure front and rear candy green 5-spoke wheels are approved as a combination with intended tyres.
- Check that the ABS ring and sensor fit the new wheel.
- Check tire and fender clearance and the brake and drive fit after the wheel swap.

Things to measure

- Manufacturer, part number and whether ABE or Teilegutachten names BMW R NineT 2014-2016 with ABS
- Rim diameter x width, offset, axle diameter, load rating and approved tyre sizes
- Whether wheel includes matching ABS tone ring / sensor and brake-disc mounting for 2014-2016 R NineT
- Fender and fork clearance with new wheel / tyre combination

Extra parts

- ABS tone ring / sensor hardware if not included
- matching brake discs / spacers / mounting hardware

Sources

No sources. Without a source the result stays a pre-check to verify.

Candy green 5-spoke rear wheel

⚠ Verify fit checked 2026-10-30

Approval	ⓘ unknown	Document coverage	ⓘ unknown
Inspection	ⓘ unknown	Eintragung	ⓘ unknown
Documents to carry	ⓘ unknown		

Reasons

- No manufacturer, part number, dimensions or approval document was given for this generic candy green 5-spoke rear wheel.
- No source found shows this exact part is approved for BMW R NineT 2014-2016; without ABE, Teilegutachten or E-mark coverage legal use cannot be confirmed.
- Fit depends on unknown rim size, offset, axle / spacer size, load rating and ABS ring / brake disc compatibility on an ABS shaft-drive bike.

Conditions

- Only use with ABE or Teilegutachten that explicitly lists BMW R NineT 2014-2016 with ABS.
- Carry ABE or Teilegutachten and any inspection report until papers are updated.
- Possible Aenderungsabnahme or Einzelabnahme as inspector decides; success is not guaranteed and depends on documents, fitment and retained ABS / brake function.
- Ensure rear and front candy green 5-spoke wheels are approved as a combination with intended tyres and final drive alignment.
- Check that the ABS ring and sensor fit the new wheel.
- Check tire and fender clearance and the brake and drive fit after the wheel swap.

Things to measure

- Manufacturer, part number and whether ABE or Teilegutachten names BMW R NineT 2014-2016 with ABS
- Rim diameter x width, offset, axle diameter, load rating and approved tyre sizes
- Whether wheel includes matching ABS tone ring / sensor and brake-disc / shaft-drive mounting for 2014-2016 R NineT
- Swingarm, brake caliper and tyre clearance with new wheel / tyre combination

Extra parts	• ABS tone ring / sensor hardware if not included • matching brake discs / spacers / mounting hardware

Green tank paint to match wheels

⚠ **Verify fit** checked 2026-10-30

Approval	No approval	Document coverage	? unknown
Inspection	? unknown	Eintragung	? unknown
Documents to carry	? unknown		

Reasons	• No manufacturer, product number or approval document was given; paint colour itself has no ABE, E-mark or Teilegutachten. • No source found shows whether a colour update for this BMW R NineT 2014-2016 needs paperwork, so inspection and Eintragung remain unknown. • Optical match to candy green wheels has no technical interaction, but final colour must be uniform and identifiable for documents.
Conditions	• Check with Zulassungsstelle whether the colour entry in Zulassungsbescheinigung Teil I must be updated after change to green. • Do not paint over VIN, type plate or safety labels and use fuel-resistant paint system. • Carry updated vehicle documents once colour is changed; keep paint invoice / colour code with build records.
Things to measure	• Confirm exact new primary colour name / code to be declared for the vehicle documents
Sources	No sources. Without a source the result stays a pre-check to verify.

Notes

Inspection review	Inspection fees were added (reviewed 2026-10-30).
Shop notes	Part prices are illustrative examples, not real listings.
After image	The after image is an AI visualization, not a photograph of a finished bike.
Pre-check	Pre-check only. The shop and inspection authority must verify fit and road-use requirements.

This is an estimate, not an invoice or road-use certificate.
